Report of the Board of Directors

In 2023, the Shanghai Shenzhen CSI 300 Index was down 5.34% in EUR (-7.17% in USD), underperforming the MSCI Emerging Markets Index (+6.61% in EUR) and the MSCI World Index (+20.47% in EUR). The 2023 China equity market faced significant challenges and experienced a downward trend throughout the year. China experienced an economic slowdown in 2023, with GDP growth decelerating compared to previous years. The government's efforts to manage debt levels and rebalance the economy resulted in tighter credit conditions and reduced business activity, affecting corporate earnings and investor confidence.

MSCI China All Shares Net USD Index was down 14.35% in 2023, and Chinese markets onshore and offshore are the greatest losers in 2023 work equity market. We see some early signs that the policy pivot in the right direction, signaled by the latest intra-year budget deficit expansion from 3% of GDP to 3.8%. However, more is needed to U-turn the sentiment. Ongoing trade tensions between China and other countries, notably the United States, continued to impact market sentiment. Escalating tariffs and trade disputes created uncertainty and increased market volatility, particularly for export-oriented companies.

China faced challenges in 2023 due to trade tensions and a global economic slowdown. The Chinese currency, the renminbi, experienced fluctuations throughout the year. As trade tensions escalated and global uncertainties prevailed, the RMB faced downward pressure, leading to some depreciation. The central bank, the People's Bank of China (PBOC) intervened to maintain stability and mitigate excessive volatility.

Despite structural challenges, investment opportunities exist in China market where expectations are currently very low. At below 10x forward PE, China markets remain one of the cheapest and most under-owned markets after global investors reducing their active China exposure for six consecutive months since April 2023. Longer-term structural advantage for A-share market still intact as A-shares' diversification effect to a global portfolio and A-shares' much better alignment in terms of stock/sector concentration with top-down policy tailwinds for high-end manufacturing, automation, green economy, as well as information technology.

In this context, OFI HAN was down -9.60% over the year, outperforming with the benchmark index by 3.5% staying under investment and holding to high quality names. While there are no clear signs of macro recovery for now, some themes emerge as new investment opportunities, in particular cross-border ecommerce, and further international expansion.

Audit report

To the Unitholders of
Single Select Investment

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of Single Select Investment (the “Fund”) as at 31 December 2023, and of the results of its operations and changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund’s financial statements comprise:

- the statement of net assets as at 31 December 2023;
- the statement of operations and changes in net assets for the year then ended;
- the securities portfolio as at 31 December 2023; and
- the notes to the financial statements - schedule of derivative instruments and other notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Management Company is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Management Company for the financial statements

The Board of Directors of the Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Management Company;

- conclude on the appropriateness of the Board of Directors of the Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1 - General information

SINGLE SELECT INVESTMENT ("the Fund") was established as an umbrella FCP-FIS ("Fonds commun de placement - Fonds d'investissement spécialisé à compartiments multiples") under the Luxembourg law of February 13, 2007 as amended ("the Law") relating to specialised investment funds as such law may be amended from time to time (the "SIF Law") and managed in the interest of its co-owners by OFI Invest Lux (the "Management Company"), a company organised under chapter 13 of the law of December 20, 2002 until June 30, 2011 and under chapter 15 of the law of December 17, 2010 since July 1, 2011 relating to undertakings for collective investment, as amended (the "2010 Law") and having its registered office in Luxembourg.

The Fund qualifies as an alternative investment fund ("AIF") under the Luxembourg Law of July 12, 2013 on alternative investment fund managers ("AIFMs"), as amended (the "AIFM Law").

The Management Company was incorporated on April 26, 2006. The share capital amounts to EUR 200,000.

As at December 31, 2023, the following Sub-Fund was active:

SINGLE SELECT INVESTMENT - OFI HAN

The objective of the Sub-Fund SINGLE SELECT INVESTMENT - OFI HAN is to outperform the Shanghai and Shenzhen 300 Index (CSI 300 Index) expressed in USD over the long term. The CSI 300 is calculated every day without dividends being reinvested.

The Sub-Fund issues Class A (EUR) Units and/or Class A (USD) Units.

The reference currency for each class is as indicated in the name of the relevant class.

The reference currency for SINGLE SELECT INVESTMENT - OFI HAN is the USD.

2 - Principal accounting policies

2.1 - Presentation of the financial statements

The financial statements are prepared in accordance with generally accepted accounting principles in Luxembourg and with Luxembourg legal and regulatory requirements relating to undertakings for collective investment in transferable securities. The financial statements are established in USD.

The figures presented in the financial statements tables may in some cases show non-significant differences due to the use of rounding. These differences do not affect in any way the fair view of the financial statements of the Fund.

2.2 - Portfolio valuation

(a) Securities listed on a stock exchange or traded on any other regulated market are valued at the close price on such stock exchange or market. If a security is listed on several stock exchanges or markets, the close price at the stock exchange or market which constitutes the main market for such securities, are determining;

(b) Securities not listed on any stock exchange nor traded on a regulated market are valued at their last available market price;

(c) Securities for which the price referred to in (a) and/or (b) is not representative of the fair market value, are valued prudently, and in good faith on the basis of their reasonably foreseeable sale price.

2.3 - Net realised profits or losses on sales of investments

The net realised gain/loss on sales of investments is determined on the basis of the average cost of investments sold.

SINGLE SELECT INVESTMENT

2 - Principal accounting policies

2.4 - Foreign currency translation

The cost price of securities expressed in a currency other than the currency of the Sub-Fund is translated into the base currency of the Sub-Fund at the exchange rates prevailing on the date of purchase.

Income and expenses expressed in other currencies than the currency of the Sub-Fund are converted at exchange rates ruling at the transaction date.

The securities portfolio and the assets and liabilities expressed in other currencies than the currency of the Sub-Fund are converted at exchange rates ruling at year-end date, the realised or unrealised gains and losses on foreign exchange are recognised in the Statement of operations and changes in net assets in determining the increase or decrease in net assets.

As at 31 December 2023, the exchange rates used are the following:

1 USD = 7.0922 CNY 1 USD = 0.90526 EUR

2.5 - Valuation of forward foreign exchange contracts

Outstanding forward foreign exchange contracts are valued at the closing date by reference to the rate of exchange applicable to the outstanding life of the contract. The movement in net unrealised appreciation/depreciation is shown in the Statement of operations and changes in net assets. The unrealised net appreciation/depreciation on forward foreign exchange contracts is included in the Statement of net assets in "unrealised net appreciation/depreciation on forward foreign exchange contracts".

For the details of outstanding forward foreign exchange contracts, if any, please refer to the section "Schedule of derivative instruments".

2.6 - Valuation of futures contracts

Futures contracts are valued at their last known price on the valuation date or on the closing date. The movement in net unrealised appreciation/depreciation is shown in the Statement of operations and changes in net assets. The net unrealised appreciation/depreciation on futures contracts is included in the Statement of net assets in "unrealised net appreciation/depreciation on futures contracts".

For the details of outstanding forward foreign exchange contracts, if any, please refer to the section "Schedule of derivative instruments".

2.7 - Dividend and interest income

Dividends are shown net of withholding tax deducted at source, and are recognised as income on the "ex-date". Interest income is recorded on an accrual basis.

2.8 - Formation expenses

The costs and expenses for the formation of the Fund and the initial issue of its Units will be amortised over a period not exceeding 5 years. At this date of the report, the fee was totally amortised.
